PRODUCT GROUP STRUCTURE

① COOKWARE & NON-STICK MATERIAL

- **Weilburger (Germany)** is a global leader in high-performance coating technologies, trusted by top manufacturers for non-stick and industrial applications for over a century.

Nishitani Group

Authorized Sales Agent in Vietnam & Thailand

- We are the Authorized Sales Agent for Vietnam and Thailand, bringing Weilburger's world-class coating expertise closer to manufacturers across the region.

① COOKWARE & NON-STICK MATERIAL

Why Weilburger Coatings?

- **World-Class Performance – GREBLON®** coatings provide outstanding durability, heat resistance, and easy release.
- **German Precision & Quality** – Over 100 years of innovation and manufacturing excellence.
- **Sustainable Solutions – PFAS-free** systems designed for safer, greener production.
- **Trusted Worldwide** – A name recognized by global cookware and bakeware leaders.

② SUSTAINABLE GREEN BUILDING MATERIAL

- **MIRACOOOL (Japan)** is a trusted pioneer in energy-saving, heat-reflective, and waterproof coating technologies, providing Japanese-engineered systems for roof renovation, restoration, and thermal insulation.

Nishitani Group

Authorized Distributor in Hong Kong & Vietnam

- We proudly represent MIRACOOOL in Hong Kong & Vietnam, bringing Japanese coating expertise to enhance energy efficiency and roof performance for local manufacturers and developers.

② SUSTAINABLE GREEN BUILDING MATERIAL

Key Advantages & Solutions:

- **Superior Cooling Effect** – Reduces roof temperature by 10–25°C, provides UV and dust resistance, and ensures 8–10 years of durability.
- **Energy-Saving & Eco-Friendly** – Lowers indoor heat, reduces cooling energy use, and enhances comfort and sustainability.
- **Versatile Applications** – Suitable for metal sheets, concrete, and aged roofs, offering seamless reinforcement and waterproof protection.

A promotional graphic for MIRACOOOL. The central text reads "JUST COAT IT AND SAVE ENERGY!" in large, bold, blue letters. Below this, the MIRACOOOL logo is displayed with the tagline "SOLAR HIGH REFLECTIVE COATING". The background features a blue sky with a sunburst effect and a circular inset showing a blue sky with clouds. At the bottom left, the text "西谷商事(亞洲)有限公司" and "NISHITANI (ASIA) LIMITED" is visible. At the bottom right, there is a logo for the Japanese Ministry of the Environment (ETV) and a list of verification numbers for various MIRACOOOL products.

200W lamp heating on the model roof for 10 minutes. The roof with MIRACOOL is 21°C lower than the one with normal paint.

③ SUSTAINABLE LIFESTYLE

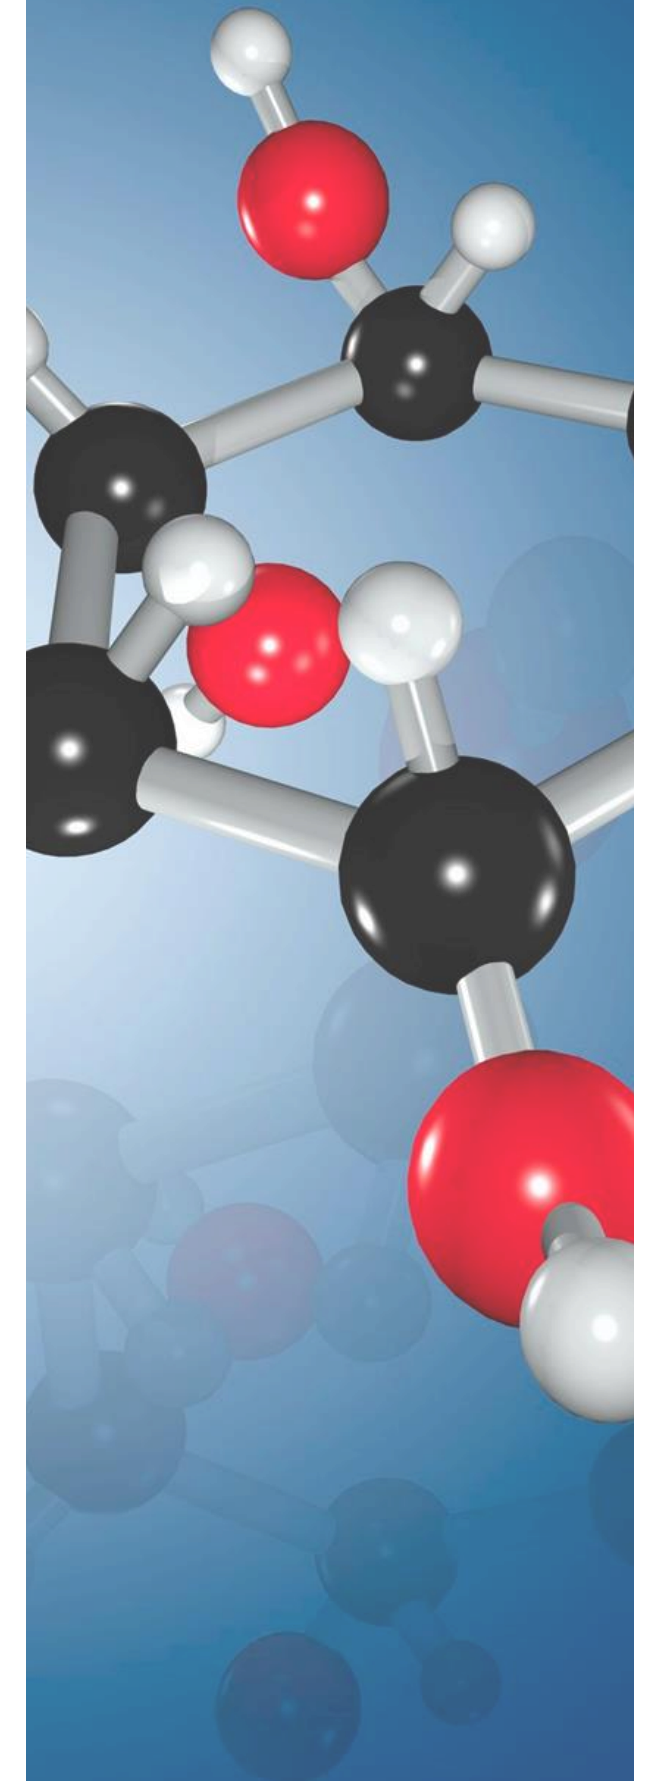

- **ZRO periamyl®** is an innovative 100% plastic-free and PLA-free material made from natural corn starch.
- It is marine biodegradable, home and industrial compostable, and naturally decomposes without leaving microplastics – ensuring safety for humans, animals, and the environment.

Nishitani Group

Official Representative in APAC

- We proudly represent ZRO periamyl®, developed by Periplast Global Limited (Germany), bringing sustainable, plant-based material solutions to Vietnam – promoting a zero-microplastic lifestyle and advancing the circular economy.

③ SUSTAINABLE LIFESTYLE

Key Advantages:

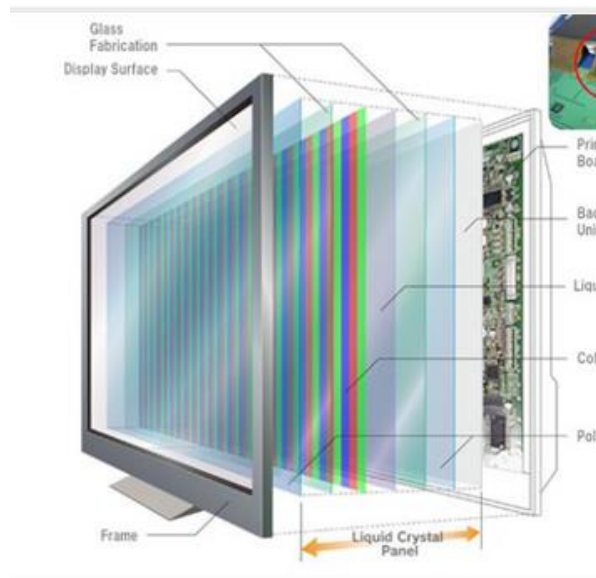

- **100% Plastic-Free & PLA-Free** – Made entirely from natural corn starch, fully biodegradable.
- **Certified by TÜV Austria** – Proven Home Compostable and Marine Safe.
- **Eco-Safe & Non-Toxic** – Decomposes naturally without microplastics.
- **Versatile Applications** – Ideal for biodegradable cutlery, straws, and daily-use products.

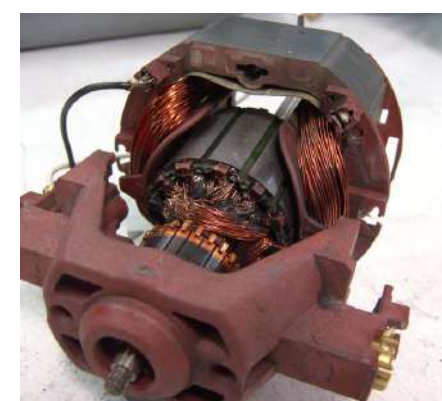

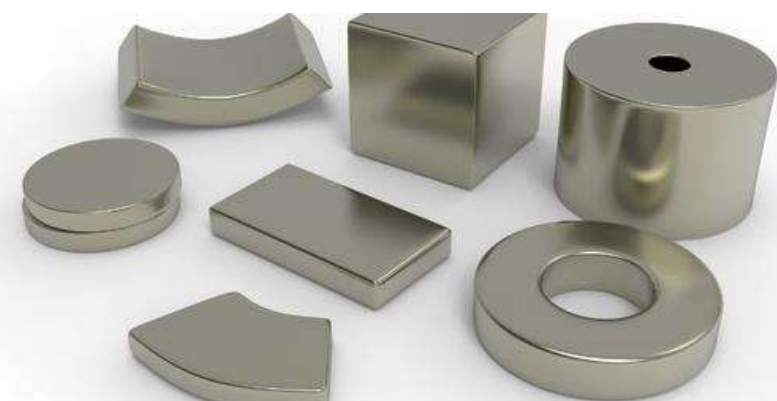

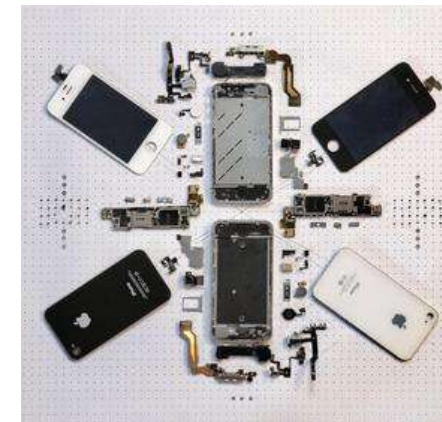

④ ELECTRONICS & ELECTRICAL

- **Office Automation:** Aluminum, Rubber, Magnet Rollers, Fixing Sleeves, and Engineering Ceramics for printers and copiers.
- **Home Appliances:** LCD displays and modules for rice cookers, IH cookers, washing machines, and microwave ovens.

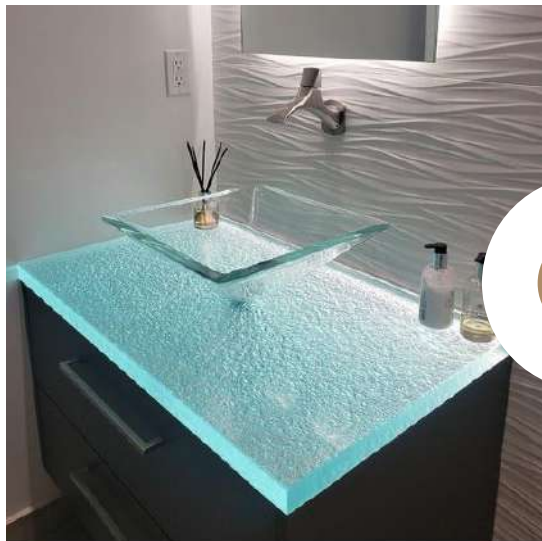

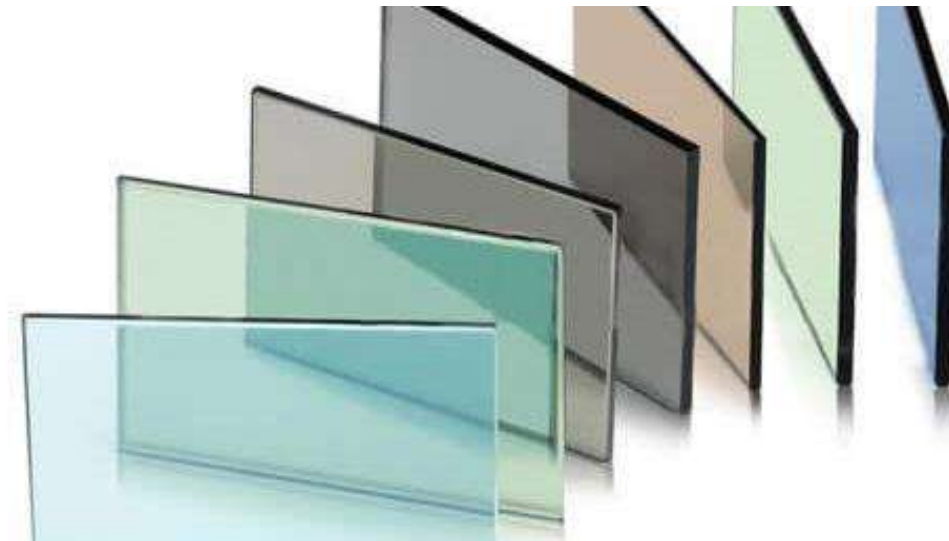

⑤ MATERIAL - SPECIAL METAL

Supplying **special metals, pre-coated materials** and **precision parts** for electronics, home appliances and industrial applications.

⑥ MATERIAL (GLASS)

- Supplying tempered and curved **glass materials** for electronics, furniture, and home appliances.
- Applications include scanners, microwave ovens, bathroom items, and interior furniture.

⑦ HOUSEHOLD

Providing innovative household solutions from trusted global brands.

- **TAKUBO® Japan** – premium outdoor storerooms, kitchen racks, and cabinets for modern homes.
- **Glass Fiber & Silicone Products** – non-stick, heat-resistant materials for safe, efficient cooking.
- **Microwave Cooker**

– eco-friendly design for healthy, convenient meals. All products combine functionality, safety, and modern living.
